WELCOME

I'd love to hear more and create something special for you! My goal is to capture genuine moments and natural connections in a way that feels authentic and timeless. Whether it's a family session or a couple's shoot, I focus on storytelling through beautiful, emotive imagery.

ABOUT

I'm a photographer specializing in branding, portraits, lifestyle and restaurant photography. While my main focus is working with businesses and entrepreneurs, I also love capturing genuine, heartfelt moments for families and couples. My approach is natural and relaxed, creating warm, authentic images that tell your story. Whether it's a playful outdoor session or an intimate family moment, I aim to document real connections in a way that feels true to you.

THE PROCESS

Let's get started!

Let's Chat!

- 01 It all starts with a conversation. We'll discuss what you're looking for in your family session, the style you love, and any questions you have about the process.

Secure Your Spot

- 02 Once we've settled the details, we'll choose a date and I'll send over a contract. A deposit and the signed contract are required to secure your session.

Your Photo Session

- 03 On the day of your shoot, we'll meet at my property, where we'll explore the different scenic backdrops and capture natural, relaxed moments. I'll guide you every step of the way to ensure a fun and comfortable experience.

Viewing & Selecting Your Images

- 04 After the session, your images will be uploaded to a private online gallery on PixieSet. You'll receive a link to view and select your favourite shots.

Final Edits & Delivery

- 05 I'll individually edit your selected images and upload them to a new PixieSet gallery with high-resolution downloads. You'll receive a private PIN to access and download your final images. This process takes no more than two weeks.

MY LAND, MY OUTDOOR STUDIO

All family and couple sessions take place on my private property, offering a stunning natural setting with a variety of backdrops, all in one location. From open fields and tall grasses to lush greenery and golden-hour light, the landscape transforms beautifully throughout the seasons, creating a unique atmosphere for every session.

A BEAUTIFUL, EVER-CHANGING BACKDROP

Every corner of the property tells a different story. Stroll through the forest, pose in front of a rustic barn, or laugh together in a field of sunflowers. The variety of natural backdrops allows us to create a session that truly reflects your personality and style.

EACH SESSION FEELS UNIQUE, NO MATTER THE TIME OF YEAR.

FAQ

What should we wear?

I recommend neutral or coordinating colours rather than matching outfits. Avoid large logos or distracting patterns. Soft, earth-toned, or pastel colours tend to photograph beautifully. If you need guidance, I'd be happy to help with wardrobe suggestions.

Can we include extended family members?

Yes! If you'd like to include grandparents or additional family members beyond the immediate family, just let me know in advance. There may be an additional fee depending on the group size.

Can I bring props?

Absolutely! Personal props can add a special touch to your session, whether it's a blanket, a favorite toy, a family heirloom, or anything that reflects your family's personality. Just let me know in advance so we can plan for them.

Can we bring our pets?

Yes! If your furry friend is part of the family, he or she is welcome to join. Just ensure your dog is comfortable in new environments, and bring treats or a favourite toy to help stay engaged. Kindly note that I have two cats so it is preferable to keep your dog on a leash.

Are prints included?

No, prints are not included in the session fee. However, if you'd like prints, I'd be happy to assist you in selecting and ordering high-quality prints. Pricing will be quoted based on your preferences.

Can you Photoshop what I don't like?

While I do minor edits such as colour correction and natural skin edits, I don't do any excessive retouching. I believe in authentic representation. It is easier to prevent any retouching situations by prepping correctly (a haircut, ironing, adjusting clothes, etc). Major retouching are available but will extend delivery time and incur extra costs.

What happens if it rains or the weather is bad?

If the weather isn't ideal (rain, strong winds, extreme cold), we can reschedule for another available date at no extra cost. If you prefer to proceed, we can look for covered areas or make adjustments as needed.
